

Prays for Red Hair.

At a religious meeting in Pennsylvania a youth asked the prayers of the pastor and people in order that he might become redheaded. It seems that his hair was of a yellowish-white shade that was no color at all. He had heard the red heads were good scrapers, and he was praying the Lord to give him red hair so that he might go forth to fight the kaiser. There's something in this, too, and there's an idea abroad that a regiment of auburn-haired Amazons could put a crimp in the Prussian quicker than a whole division of mere chocolate-haired men. For love or war give us the locks of flame.—Los Angeles Times.

FORMER STAMP RATE GOES BACK JULY FIRST.

Postmaster J. Walter Payne has received an official communication from the Postoffice Department to the effect that postage rates on all first class mail matter will be reduced after July 1st to the rates in force on October 3, 1917, the two-cent stamp replacing the three-cent one and the one-cent postal card replacing the present two-cent variety.

The new Victory stamps of the three-cent denomination, issued in commemoration of the successful outcome of the war, is not intended to take the place of the regular issue of three-cent stamps, and will be supplied only to patrons who request them. The design, which is in purple, represents a standing figure of Liberty with a background composed of the flags of America, England, Belgium and Italy, the countries most actively engaged in the war.

FEW CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save Your Hair! Make It Thick, Wavy and Beautiful. Try This!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine to-night—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp. CLOTHING NEEDED FOR THE FRENCH REFUGEES.

Word has just come to Lake Division headquarters in France that the need for clothing among hundreds of thousands of refugees in France is even more imperative than food. That is the substance of a statement contained in the report of fifty investigators of the American Red Cross working among the 200,000 refugees gathered in and about Paris. The report says:

"Most of the refugee families manage to nourish themselves on the Government allowance and their small wages, but they are by no means able to clothe themselves. As the present prices of clothing in France are prohibitive, the need for this kind of assistance is obvious. Accordingly, we decided to give food only when special nourishment was ordered by a physician, but to continue to look after the clothing need as imperative."

It is estimated that the German invasion of France and Belgium made wanderers of 1,250,000 formerly happy country people of these countries.

Now that the conflict is over and the occupied territories of France and Belgium have been liberated, these refugees are hastening back to their former homes in large numbers. They have no thought of the ruins, the cold weather, or their condition as regards sufficient clothing, only the longing to get back to their homes, occupy their lands.

In passing their ruined villages and towns, they can be seen standing in the doorway of houses which have for their roofs nothing but a sheet of canvas which sags under the weight of the snow. Smoke curls up from a hole in the ground and investigation of its source discloses a family of four or five huddled about a fire in the cellar of a completely wrecked home. The children wear old blankets and the parents work and sleep in a ragged patch-work of costumes. To the Red Cross man, who visits them, the mother says:

"We would not mind if we only had a few clothes to keep us warm while we worked. My boy has not left the fire for three days. It's so cold outside and he has nothing but a blanket to put around him."

The gift of a pair of socks by a passing American doughboy to an old peasant at Conflans brought tears of joy. The old fellow talks about his socks unceasingly. Another wears a pair of overalls that were presented to him by an American, as proudly as if it were a dress suit. Of food they have little, but of clothes they have practically none.

Old Ways of Telling Time.

In remote ages the Japanese and Chinese used a knotted wick to record time, two feet in length. The wick burned slowly and each knot recorded an hour. Philippi II of Spain is said to have used an oil lamp for the same purpose. The oil was contained in a glass receptacle, on which was a scale marking the hours from four in the afternoon to eight the next morning, and the height of the liquid upon the scale would show the time. A 12-inch candle, of which three inches would burn away in an hour, is supposed to have been used by King Alfred.

Keep Smiling.

Best advice of all is contained in the last words of the chorus of a popular song: "Smile—smile—smile!" However, you must smile from the heart, not merely twitching facial muscles mechanically, but flashing a message of friendliness and jollity from the heart.—Burlington Hawkeye.

Dietetic Habits.

Some people seem to think that a vegetarian is a curiosity. A rough calculation shows that the population of the world, now estimated approximately at 1,600,000,000, is said to be divided as to dietetic habits about as follows: Strict vegetarians, 250,000,000; practically vegetarians, but eating a little fish or flesh, 450,000,000; eating meat about once a week (on high days and holidays), 500,000,000; eating meat daily and sometimes more than once a day, 400,000,000.

Constructive Legislation.

First Lawyer—What makes you think we shall not be able to get this law passed by the legislature? Second Lawyer—It's too simple. Almost any one can understand it. It ought to be so complex and vague that nobody can understand it. Then it is bound to pass, because nobody would admit that he didn't understand it.—New York Sun.

Influence and Example.

The blossom cannot tell what becomes of its odor, and no man can tell what becomes of his influence and example, that roll away from him and go beyond his ken in their perilous mission.—Beecher.

Absorbing the Sun's Heat.

According to an Italian scientist's figures a square mile of the earth's surface in six hours of sunshine receives heat equivalent to the combustion of more than 2,600 tons of coal.

Optimistic Thought.

He who reason rules may with safety rule others.

At worst, Germany's new regime is making a good impression in comparison with old.

ADVERTISING MAN SPEAKS

Says Meritone Helped His Nerves and Brought Vigor and Energy

W. R. Arnold, advertising agent for the Vendome, the largest theatre at Nashville, talked willingly for publication recently regarding his experience with Meritone, the new system medicine.

"I'm glad to give a statement for Meritone," Mr. Arnold said.

"I was so extremely nervous I could hardly sleep at all at night before I took Meritone. I'd lie awake half the night and, of course, the next morning I felt tired out."

"Finally, I started losing strength and then I couldn't do my work right."

"I can notice a big change since taking Meritone. I go to sleep easily at night now and I feel fine when I get up in the mornings. I've got back my old energy and ambition."

"I've got a great appetite now, too. I'm eating regular meals again."

"I'm to take a new advertising position with Ringling's Circus soon and I'm feeling so well that I expect to make a record with them."

Meritone is highly recommended for stomach, liver or kidney trouble, catarrh, rheumatism, nervousness and other ailing conditions of the system.

Meritone is sold exclusively in Paris by G. S. Varden & Son.

FORGOT WHAT HE NEEDED.

From the Republican, Mt. Gilead, Ohio: "The editor had an interesting experience some time ago, when a young gentleman came to this office and asked for a copy of the Morrow County Republican. He scrutinized it carefully when a copy was handed him, and then said: 'Now I know! What is it you are looking for,' we inquired. 'My wife sent me after a bottle of Chamberlain's Cough Remedy, and I forgot the name. I went to several stores and the clerks named over everything in the line on the shelf except 'Chamberlain's.' I'll try again, and I'll never go home without Chamberlain's Cough Remedy."

The Republican would suggest to the proprietors of stores, that they post their clerks, and never let them substitute. Customers lose faith in stores where substituting is permitted, to say nothing of the injustice to makers of good goods and the disappointment of customers. (adv)mar)

MAKE OLD SHOES WEAR LIKE NEW

"I had Neolin Soles put on my shoes—wore these shoes every day for fifteen months, then had Neolin half-soles put on. They are still in good condition," writes F. T. Evans, of Seattle, Washington.

This is cutting shoe bills down to the minimum through Neolin Soles. Anyone can do this if he will follow Mr. Evans' example, and have his shoes re-bottomed with Neolin Soles. These tough, durable soles cost no more than soles that give only ordinary wear. And all good repair shops have them.

Neolin Soles come on new shoes, too—in many styles for men, women and children. They are created by Science to be all that soles should be—comfortable and waterproof, as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

Corner Fifth and Pleasant Streets, Paris, Ky.

New Toll Rate Effective January 21st, 1919

Order No. 2495 of the Telegraph and Telephone Administration issued by the Postmaster General at Washington, December 13th, a new toll rate is ordered effective January 21, 1919.

According to our interpretation of this order the toll rates will be classified as follows: The day rate applies between the hour of 4:30 a. m. and 8:30 p. m.

Night rate between 8:30 and 12 midnight for station-to-station messages only, shall be approximately 50 per cent. less than any day rates, but no night rate for less than 25 cents.

Another night rate between 12 midnight and 4:30 a. m. shall be approximately 75 per cent. less than the day rate, but no night rate less than 25 cents.

Person-to-person messages shall be approximately 25 per cent. higher than station-to-station rates.

Appointment calls shall be approximately 50 per cent. higher than station-to-station calls.

Calls which require service of a messenger shall take the appointment rate, plus cost of messenger fee.

A report charge of approximately 25 per cent. of the station-to-station rate will be made on all person-to-person calls, when person desired is not in or will not talk or if party calling is out when connection is completed within one hour after filing time.
